

ProPan and Accessories

ProPan® Shower Kits

ProPan® Shower Pans are made from high-density polystyrene with a liquid-applied waterproof coating that creates a UPC-required slope. ProPan® Shower Bases have the proper slope and drain assembly built-in. ProPan® allows contractors to modify pans on the job site. Our pans are UPC rated by IAPMO.

- Waterproof
- Durable – can be modified on job site
- Industry standard 1/4” per foot slope to drain
- Drain assembly built-in
- Installs in minutes
- Ready to tile
- Superior resistance to mold

Linear Drain

ProPan® Linear Drain

**Coming Soon!
New Sizes Available.**

The ProPan® Linear Drain Shower Pan is designed to offer elegant designs to any home, hospitality or health care setting. Consisting of an ABS molded channel body and grate assembly, the linear drain is integrated into the polystyrene channel support and comes in two sizes, 12" x 36" and 12" x 60". Grates are available in 6 attractive designs including a tile-in drain assembly. The ProPan® Linear Drain Shower Pan is completed with the single integrated slope. The ProPan® Slope is available in two sizes, 36" x 60 ½" and 48" x 60". The ProPan® Slopes adhere to industry standards with a ¼" per foot slope and can be modified to a variety of sizes.
